Career Summary

Experienced Software Engineer with a B.Tech in Computer Science and over three years of expertise in development, testing, support, and client interaction. Proficient in Java, Spring Boot, microservices, and database management. Skilled in troubleshooting, coding, and technical communication. Eager to contribute to innovative projects and grow in the field.

Work History

- 03/2025– **Senior Software Engineer, Allianz Technologies, Trivandrum**
Present
 - Working with Java 17 for backend development and service enhancements.
 - Using Maven for build management and Angular for frontend development.
 - Developing user interfaces and integrating with backend services.
 - Writing unit tests with JUnit to ensure robust code coverage.
 - Collaborating closely with cross-functional teams to deliver high-quality solutions.
- 08/2023– **Software Engineer, Suntec Business Solutions Pvt. Ltd, Trivandrum**
02/2025
 - Focused on Java development and API creation using Spring Boot.
 - Managed databases including Oracle and Postgres.
 - Developed microservices ensuring efficient and scalable architecture.
 - Conducted code reviews and unit testing.
- 02/2023– **Core Product Engineer (On-Site), ABSA Bank, Johannesburg, South Africa**
08/2023
 - Implemented new product functionalities and conducted regression testing.
 - Led the migration of the product from TBMS to Xelerate 2.4, reducing revenue loss to below 1.0% and increasing transaction processing efficiency by 20%.
 - Tracked releases and ensured timely delivery of enhancements.
 - Designed and developed microservices with Java 8.
- 08/2022– **Software Engineer, Suntec Business Solutions Pvt. Ltd, Trivandrum**
08/2023
 - Worked on UAT and SIT environments, providing client support.
 - Developed and integrated microservices.
 - Conducted code reviews, debugging, and testing of Java applications.
- 08/2021– **Associate Software Engineer, Suntec Business Solutions Pvt. Ltd, Trivandrum**
08/2022
 - Managed UAT and SIT environments, providing client support.
 - Assisted in Java development activities, including coding, testing, and debugging.

Technical Skills

Programming Languages Java 8, Java 17

Frameworks Spring Boot, Hibernate, Angular

Database Oracle, Postgres

Tools Git, Bitbucket, Maven, Docker, IntelliJ IDEA, Eclipse

Testing JUnit
Methodologies Agile, Scrum

Professional Accomplishments

- Key role in migrating from TBMS system to Xelerate system, reducing revenue loss to below 1.0% and increasing transaction processing efficiency by 20%.
- Received client recognition for outstanding support and problem-solving skills.
- Developed and maintained a robust documentation system for software projects.

Education

2017–2021 **B.Tech, Computer Science**, *MEA Engineering College*, Malappuram, Kerala
2015–2017 **Higher Secondary**, *DUHSS*, Thootha, Kerala
2012–2015 **High School**, *THSS*, Perinthalmanna, Kerala
